

## Wholecloth Rulerwork 4      Supply List

Build your skill set, using an oval ruler. Finish this block as a table topper or pillow, or take all the classes and combine all projects into a larger "quilt as you go" project.

### Supplies:

- Sewing machine\* in good working order with Sew Steady table\* or slide on tray to support project;
- Ruler foot\* for your sewing machine;^
- Pattern\*: Wholecloth Quilting Ideas Block 4 by Amanda Murphy;
- Oval rulers\*: Every Oval set of five Good Measure by Amanda Murphy. It *must* be 1/4" thick to use with the Bernina #72/72S ruler foot;
- 12" 8ths Graph Beveled Ruler\*;
- *Contrasting* thread for stitching – much easier to see than matching thread\*;
- Bring your Straight Ruler\* from class 1: Every Angle Good Measures by Amanda Murphy;
- Quilting gloves\* (Recommended).
- 24" ruler\* for marking;
- Marking tool\* (recommend Bohin chalk pencil for dark fabric and blue water soluble marker for light fabric);
- Spray adhesive\* for basting.

### Fabric:

- \*Two pieces of fabric, (ironed) measuring 22' x 22'. Fabric does not have to be solid white fabric, but it does need to be fabric you can easily mark and *easily see* those markings;
- \*1/4 yard binding fabric if making a single table topper;
- Batting: one piece of batting measuring 22" x 22";

Before Class: PRE-Mark your quilt top with one horizontal, one vertical and two diagonal lines Through The Center Point, forming a + and an X, using your marking tool. Then add the 22-½ degree lines using the Every Angle ruler. Finally, mark an 18" square centered over your lines. Be Precise -- the greater your accuracy in drawing the lines through the center point, the more balanced your project will look.

\*Supplies marked with \* can be purchased at Bernina.
