

*Class Description:*

Improv meets foundation paper piecing meets mystery quilt. In this workshop you will learn how to use foundation paper piecing as an approach to improv sewing. We'll draw improvisational elements *at random* from a bag. You will then learn to draft your own improvisational FPP designs based off the mystery element. The motifs will be the same but everyone's pieces will be uniquely their own! We'll cover all sorts of looks and styles. Triangles, flying geese, stripes, wonky shapes. You will receive 2 different quilt layout options, but are encouraged to explore creating your own layout, as well! Whether you're an FPPer who loves the look of improv but long for the structure of paper piecing or you're an improv sewist looking for a new way to approach your work, this workshop truly has something for everyone.

*Supply List:*

- 1/2 yard background for mini version (18"), 4-5 yards background fabric for medallion version, or 3-4 yards for Staggered layout
- FQs or large scraps
- 1 Roll of 3'x128' rolls of receipt paper (supplied by me)
