Fall 2025

What's New!

Fall is fast approaching and we are excited to bring you a great line up of new classes and products to get your creative juices flowing! Whether you sew, quilt or knit here at Haus of Stitches we always have lots of exciting new products and ideas to inspire you!

As Saskatchewan's largest **JANOME** dealer we carry a complete line up of machines from entry level (starting as low as \$199.00) to top of the line and everything in between. We offer full service in our shop with our qualified technician and provide you with any training needed on your new machine. Check out our website for complete details at www.hausofstitches.ca but be sure to call us as pricing is often better in store than online. Our online used machine page offers machines for sale from customers who have purchased new ones from us and offer great value for you.

We are excited to introduce two new entry level embroidery machines this fall. If you are interested in turning something simple into simply awesome machine embroidery is the way! We have great introductory pricing for

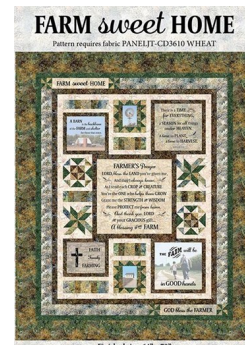

you as well, so stop in for a demo and get all the details.

A Janome first! Our new stitch regulation system A.S.R. comes standard with the CM17 and the M8 and can now be added to the new 9480. It includes four feet; closed-toe, open-toe, clear view, and the exclusive Ruler Work foot so that all of your free-motion needs are covered. With the added benefit of being able to set the sensitivity of the sensor, you can adjust the regulation as your skills build. Come in and give it a try!

We are excited to have Eucalan back in stock after a brief absence! We have carried this amazing product in our store since we opened! This no rinse wash is perfect for your sweaters and all fine washables and a must for every traveler. It not only cleans by soaking but is a great stain remover as well.

Farm Sweet Home Kits are here by Wing and a Prayer this is a new rendition of the original Farmers Prayer, our new panel pays tribute to the generations of the farm. Finished Size is 64" x 78" Limited kits available.

Press with the Best

The Velocity Irons patented built-in steam generator produces endless continuous steam with no leaks.

While traditional irons are prone to leaking and spitting, these irons use a patented 2-heating element and mi-

cro-pump technology that pre-heats the water and turns it into steam before it reaches the soleplate. This iron will give you perfect constant steam at even the lowest temperatures, yet are 100% safe for all fabrics. Combined with the reliable boards made in Italy with steel construction to give you a large surface with adjustable height and extension to hold your iron to give you added surface space. Along with these great tools we also have wool pressing matts which helps the heat come back through the fabrics so it is like pressing both sides at once! We also recommend you try Flatter smoothing spray to get out those stubborn wrinkles when you iron, quilt and sew.

Forest Floor Kit by Wing and a Prayer this quilt is a twist on tradition featuring twelve, 12" blocks nestled in a log cabin setting. Both novice and skilled quilters will enjoy piecing this luscious

quilt. The large stamped batik leaves let the fabric do the work for you, enhancing the Forest Floor theme. Replacing a standard border is an easy pieced border that frames the quilt interior, showing off the beautiful blend of colors. Finished Size 106"

Advanced registration required at least one week prior to classes. Class prices do not include project supplies unless indicated. Supply list provided at time of registration. GST will be added to all class fees. To register call 306-682-0772 or 1-800-344-6024. Class dates not listed will be available at the store as soon as confirmed!
