

Supply List

Free Motion Quilting with your Darning Foot or BSR or ASR

Instructor: Bernie and Shelley Tobisch

Please Bring to Class:

- ♦ Sewing Machine including foot control and cord
Extension cord and/or power bar
- ♦ Free-Motion foot - Darning Foot or BSR or ASR
- ♦ Needle 80/12 - Organ HLx5 DP or Microtex
- ♦ Thread: 100% cotton 50/2 to match your fabric or just slightly darker.
- ♦ Fabric: 1.5m 100% good quality cotton fabric, the kind found in our quilting stores. A cream, white or pastel solid fabric will do nicely.
- ♦ Fabric Marking Tool: 0.5 - 0.7mm mechanical pencil with HB lead
- ♦ Batting: You will need six squares 13" x 13" of batting. Many battings come in widths of 90" so a piece of batting cut 14" x 90" will be plenty. I like Hobbs Heirloom 80/20 batting for its medium loft and Warm & Natural for its low loft. Both battings are quite thin and work well for most quilting projects.
- ♦ Scissors: Small scissors for snipping threads.
- ♦ Temporary adhesive spray - 505 or equivalent
- ♦ Omnigrid Ruler: 12" x 6" or 6" x 24" or equivalent
- ♦ Basic Sewing Supplies
- ♦ Free-Motion Quilting gloves - For example Machingers, Regi's Quilting Gloves or Grab A Roo
- ♦ Homework

Homework:

Batting: Cut six squares 13" x 13"

Fabric: Cut twelve squares 13" x 13"

1. Fold fabric in half selvage to selvage. Cut four 13" strips from selvage to selvage.
2. Sub-cut the strips into 13" x 13" squares. You should get 3 squares 13" x 13" from each of the four strips.
