- Eighteen inches of throat space for a large quilting area
- Automatic needle positioning technology gives you the ability to stop the needle, up or down, with foot control or touch buttons
- Wind the bobbin while you quilt with the built-in bobbin winder.
- large bobbin capacity with the M-Size bobbin
- quick and easy threading path.
- precise stitches with variable speed functions - the quilt will keep your stitches even as you move.
- Get light wherever you need it with our flexible lamp
- The self-contained oil reserve eliminates your worries about getting oil on the quilts or having to oil the hook whenever you change the bobbin.
- The custom table is collapsible and has a removable hinged leaf for easy storage and convenience.
