

3 HOUR CLASS

Lucky Penny Wallet Kit

Have fun making this beautiful wallet out of cork or faux leather! Perfect for you or makes a great gift. You could also add a gift card to the ID slot.

I'm Martha Westerberg and I love Cork! I've been sewing with cork for several years and I am excited to show you how to make bags or wallets using cork. People sometimes have cork-phobia but it is sooo easy to sew! No raveling, but pin holes will show so we will use wonder clips.

Cork is fun to sew and there are so many beautiful bags, and home décor to make. The possibilities are endless!

The Lucky Penny Wallet by Sallie Tomato has two slip pockets, six card slots and one ID holder.

- We will be adding one 7" zipper (or two 7" zippers if you want to). Choose #3 zippers
- You will also be adding a coordinating lining of your choice – a small piece the size of the back of wallet
- You will attach the lining with Wonder Under or glue. This will add sturdiness and color behind the slot.

Kits with precut cork are available for purchase at Sewing Concepts, or you can buy cork or faux leather from Sewing Concepts. **20% discount on supplies you purchase for the class.**

I recommend you NOT use the legacy faux leather for your first lucky penny wallet because it stretches making it more difficult to sew.

We will start promptly at 10 AM so please arrive early enough that your sewing machine is set up, threaded and ready to go!

Supply list
