

POPPINS BAG – INFO FOR FIRST CLASS MEETING

Jackie Tabbert – mrststed@yahoo.com, 847-778-1871

By the end of our first class meeting, it is my plan that we will have the entire front of the bag completed.

So it is important that you have the following done for our first meeting:

- Have all fabric and In-R-Form Plus pieces cut. See instructions on pages 1 and 2.
- Fuse 1 of the 11"x18" In-R-Form Plus rectangles to the wrong side of the outside front center fabric. Fuse the other In-R-Form Plus to the wrong side of the center front fabric B. See instructions at the bottom of page 2.
- Have one inside pocket and one outside pocket made. See instructions on page 3. Remember that these two pockets are not the same height.

Be sure to bring the following fabric and supplies:

- 2 focus fabric side panels that measure 8 ½"x 18"
- 2 fabric B side panels that measure 8 ½" X 18"
- 4 – 8"x18" In-R-Form Plus rectangles
- Handle fabric strips and 2 strips of In-R-Form Plus 2"x 27"
- Sewing machine, power cord, foot control
- Walking foot
- Size 12 needle
- Size 10 needle
- Thread for channeling – be sure to wind 2 bobbins
- Pins
- Clips
- 60 mm rotary cutter and acrylic ruler (at least 18" long)
- ¼" tubing
- Chalk, marking pencil, or Frixion pen that will show up on your focus fabric when you mark the lines for stitching
- Thread snips and shears
- Teflon sheet
- Iron

I look forward to seeing you at class, Jackie.
