

Tomte Plush Gnome

Supply List

General sewing supplies

Thread

Hand sewing needle

Poly-fill for stuffing

Sewing machine needle for fabric being used

Copy of feet and hat curve. Copy heart if using it. *See below for other options.

*See pattern for fabric and material requirements

*for rice bag – make two pouches. Suggest Poly Pellets instead of rice.

*nose – wool is an option as well as cotton and flannel.

*eyes – optional

*applique and embroidery are options for hat décor.

*Store sample used blue jeans for body.

Pre-class homework –

Page 1 – Body –

-Follow steps 1, 2, and 3. If you are using denim for the body, you will not have to quilt it – just skip to step 3.

Page 3 – “Rice Pouches”

-Follow Step 8 to create 2 “rice” pouches. We will fill in class.

Page 4 - Hat –

*-If you are going to embroider or applique something on the hat and want to finish the gnome at the end of this class, you will need to consider doing this step after you mark the hat on the fat quarter **but** before you cut it out. Use the curved template so you can better decide where to place the design.

Page 5 – Feet –

-Cut out four felt shapes for the feet using the template.
