## Class Supply List

You do not need to own BERNINA DesignerPlus v8 Embroidery Software to attend this event. You may download a **FREE** trial version from the BERNINA website and install it on your laptop to use in class.

- **Laptop with BERNINA DesignerPlus v8 Embroidery Software (or free trial version) installed and working.**

Please install your software or the free trial version **prior to class and verify that it is working** (open it / launch the application). If you are unable to do this on your own, we are happy to help you—please come into one of our stores prior to class day, bring your laptop and v8 USB installation device (or download the free trial version from the BERNINA website before you come into the store) and we will help you install it.\*

- **Mouse, mouse pad and power cord for your laptop.**
- **Notebook and pen.**

**Lunch and snacks are included with this event.**

Items marked with an asterisk (\*) are regularly available in the store. If there is something we are out of or don't normally stock but that you need, please ask us—we are happy to do a special order for you! (Please remember special orders can take some time so let us know well in advance of class day!)

**Please mark or tag all your tools with your name** so that if they are left in class we can return them to you!

**Remember, you receive a 10% discount on anything purchased for this class at The Presser Foot!**
