Prior to class, please prepare the following:

This class will introduce you to quilting by machine and rotary cutting. You will learn tips and tricks, beginning with choosing fabrics, to make your quilting journey a successful one.

You must be comfortable with your sewing machine to take this class, ie threading and bobbin. If you are not sure, schedule a time to bring in the whole machine so that we can help you get threaded for class.

All class supplies purchased from Material Girls will receive 10% discount. We will start rotary cutting in the first class so the machine will not be needed until class 2.

Optional: All fabrics listed, washed and ironed (don't use fabric softener!)
