

# Saturday Mystery Quilt

## Winter 2009

### Fabric Selection and Yardage

#### I. Fabrics

##### A. Design fabrics

1. Bundle – four tone-on-tones
2. Voucher fabric – a print with same background as bundle.
3. Focus – a large-scale print for outer border and design area, which should coordinate with all other fabrics.

Note: If focus fabric is a very large-scale print you may want to use a smaller-scale coordinating print for design area. Yardage is given for that.

##### B. Background fabrics

1. B1, B2, B3, B4

There is a lot of background in this quilt so select a variety of textures, but the fabrics should all be the same value and color.

2. B5 – a subtle print or tone-on-tone.

A fabric that is different from B1—B4: darker, lighter, or even a different color.

Note: Two bundle color ways are light fabrics so their backgrounds would be dark.

##### C. Accent fabrics – all should be the same color and value

1. Main – a tone-on-tone for design area and inner border.
2. Three others – small-scale prints

#### II. Fabric combinations

- A. Design fabrics must show up on backgrounds
- B. Accent must show up on bundle and all backgrounds.
- C. B5 must show up against bundle and accent fabrics.

#### III. Procedure
