

Welcome back to Yankee Pride!

We are happy to see that you are healthy and well, and we're glad you're shopping with us.

Below are our shop rules during the pandemic:

- *Masks are **required** for entering the shop, for the safety of both customers and staff.
- *If you have any signs of respiratory illness, we ask that you stay home, and order online for Shipping or Store Pickup.
- ***Our current capacity is 4 customers.** Once we reach the limit of four, shoppers will have to remain in their vehicles until someone inside the shop leaves. If you arrive in a large group, only four people in that group will be allowed to enter the store.
- *You may use the hand sanitizer at the door, but we also ask that you wear the disposable gloves provided, unless you can wait until your hands are **completely dry**. We have found that hands that are wet with sanitizer can discolor our fabrics. Gloves can be disposed of on your way out of the shop. **We ask that you wear the gloves we provide – when you use your own, whatever you have touched previously comes with you into the shop.**
- *Customers must practice social distancing wherever possible. Six feet is ideal. When you reach the register, there will be less than six feet between you and the staff, but everyone will be wearing masks, and we will process your transaction as quickly as possible.
- *For now we ask that you do not bring children to the shop.
- *Shopping online is still available at yankeepridequilts.com, and you can choose Store Pickup if you don't wish to come inside. Once we've let you know your order is complete, you can call us when you arrive, and we will bring your order out to you.

Stay safe, and we're happy to see you.

Store Hours:

Monday – 10 – 5

Tuesday-Friday – 10 – 6

Saturday – 10 – 5

Sunday - Closed
