

18 Degree Squedge Block

Go ahead--flip forward in this pattern to see what this block looks like when made into a quilt or table runner. Isn't that neat?

Finished block:
16 1/2" square

Fabric	Exact Amount	Suggested Yardage <i>for a stripe running perpendicular to the selvage or an all over design</i>	Suggested Yardage <i>for a stripe running parallel to the selvage</i>
B	7 1/2"	1/4 yd*	1 1/4 yd
S	8"	1/2 yd	1 1/4 yd

* May require more fabric depending on design repeats

Fabric	Number of Strips	Strip Width
B	one	7 1/2" x width of fabric
S	two	8" x width of fabric

To get exact matches with your striped points, be sure you cut identical strips from the striped fabric.

Tool Preparation

Apply adhesive non-slip rings to both the back and front side of the tool. You need to have these on both sides as you'll be cutting pieces with the tool flipped over.

Notice the little slots in the tool? This is how you'll know where to cut the shorter *Squedge* pieces. Use a mechanical pencil to mark a line in each slot onto the fabric. Cut around the other sides of the tool, then remove the tool. Using a straight edge (or the outside edge of this tool) connect the marked lines and cut across the bottom of the *Squedge* piece.

Place the tool on the strip aligning the bottom edge of the tool with the edge. The words on the tool are **DOWN**.

Cut the *full* tool shape.

8" S

Set 1

Cut 4

Place the tool on the strip aligning the bottom edge of the tool with the edge. The words on the tool are **UP**.

Cut the *full* tool shape.

8" S

Set 2

Cut 4

Place the tool on the strip aligning the **bottom cut line** to the bottom edge of the fabric as shown. Cut 4 with the words on the tool **UP**. Cut 4 with the words on the tool **DOWN**.

Cut a *partial* tool shape.

7 1/2" B

Set 3

Cut 4

Cut 4

Yes the tool does extend beyond the strip--Remember you're cutting it at the slotted lines.

Place the tool on the strip aligning the **top cut line** of the tool with the edge. The words on the tool are **UP**.

Cut a *partial* tool shape.

8" S

Set 4

Cut 4

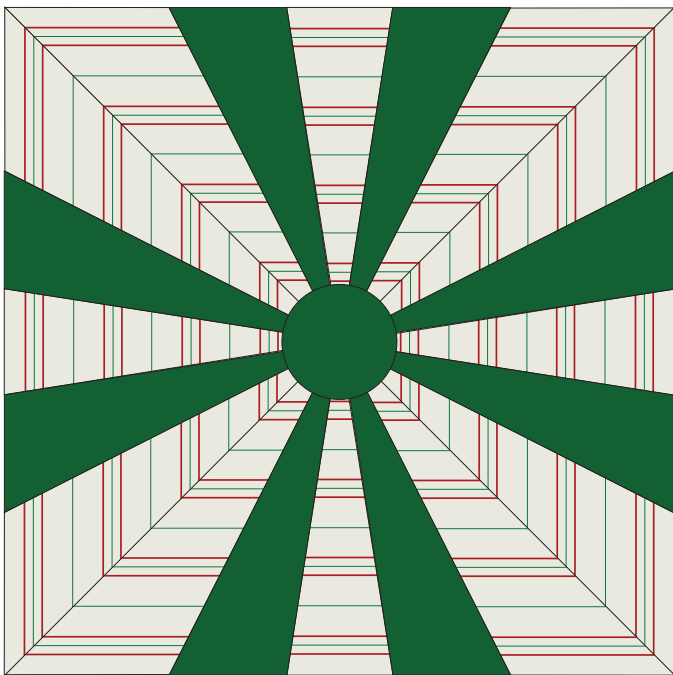

Yes the tool does extend beyond the strip--Remember you're cutting it at the slotted lines.

Arrange the pieces as shown.

Sew four together to make a quarter triangle.

Sew the four quarter triangle together to make the block.

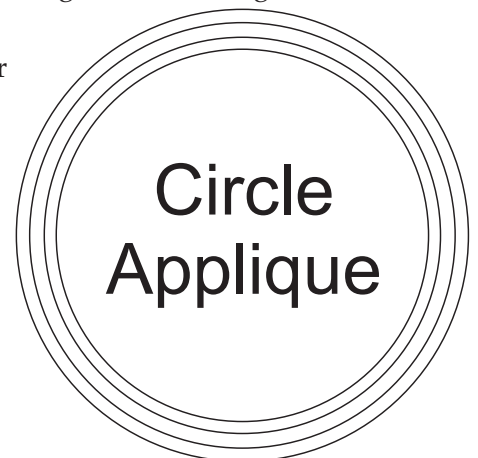

Iron a square of freezer paper to the back of the project to stabilize the center opening.

Trace a circle onto freezer paper.

Iron the freezer paper onto a scrap of fabric you've chosen for your center applique.

Cut the fabric, allowing ¼" for turning under.

Applique the circle to the center opening.

Options For Finishing

Sample made with 18 Degree Squedge blocks

Table Runner
