

# Red White and Blue Stars

Finished runner: 48" x 16"

## Red White and Blue Stars

...our FIRST Mix and Match pattern!

This is our first official free pattern using two different Squedges!! You'll need the Squedge 30 and the Squedge 15. Now find out how fun they are to mix and match!

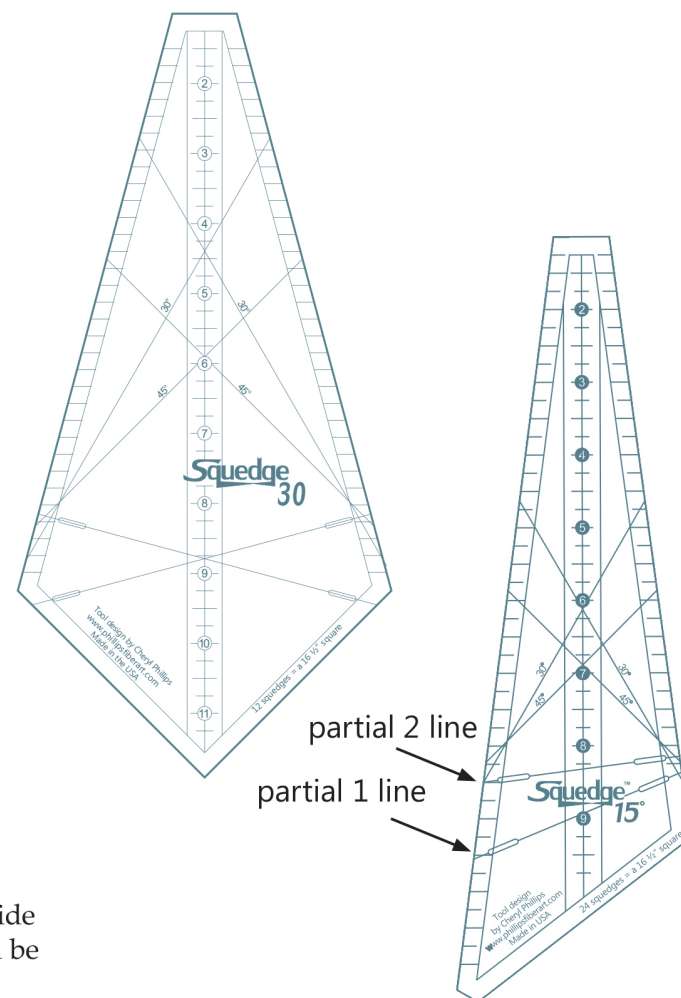

## Fabric C Suggestion

The Squedge 30 is a great tool for fussy cutting, so look for a fun patriotic print and select a design to repeat. If you prefer, you can use a solid reading blue and applique the three stars as shown above.

Fabric	Exact Amount	Suggested Yardage
A	27"	$\frac{3}{4}$ yd
B	16"	$\frac{1}{2}$ yd
C	15"	$\frac{1}{2}$ yd
binding	10"	$\frac{3}{4}$ yd
Backing/Batting		52 x 20"

Fabric	Number of Strips	Strip Width
A	two	11 $\frac{1}{2}$ " x width
	one*	3 $\frac{1}{4}$ " x width
B	two	7 $\frac{3}{4}$ " x width
C	two	7 $\frac{1}{2}$ " x width
binding	four	2 $\frac{1}{2}$ " x width

\*Cut into 3  $\frac{1}{4}$ " squares then in half diagonally for corners. See page 3 for instructions on adding corners.

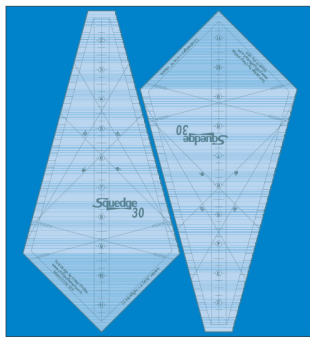

## Tool Preparation

Apply adhesive non-slip rings to both the back and front side of the tool. You need to have these on both sides as you'll be cutting pieces with the tool flipped over.

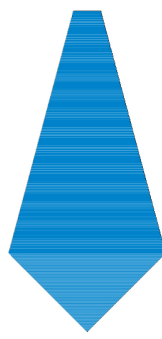

Helpful labels for the strip sets are found on page 5.

**Appliqué** (optional)

Trace the stars onto the paper side of fusible web.

Bond to the back side of the star fabric.

Cut out the stars along the marked line.

Remove the paper.

Hint: a straight pin scratched along the paper back will help with paper removal.

Bond to the A fabric piece. [What is xx piece? the Squedge 30 piece? is this what you meant?](#)

[Actually I meant to full scale....just so when you put all four together they balance--like as if you had a fussy cut... if the stars are a bit off they might not look right. Or they could wait until the whole block was assembled.](#)

Machine buttonhole or satin stitch along the applique edge.
