

# Dressed-Up Acorn Toppers

Natural acorn toppers are dressed up with bright jingle bells or sparkling beads to make simple toppers for your pretty packages.

## WHAT YOU NEED FOR ONE TOPPER

- Acorn tops (these can be purchased online or gather them from under an oak tree)
- Jingle bells or beads in desired sizes and colors
- White tacky crafts glue
- Wrapped package or gift box
- Twine or ribbon in desired color

## HOW TO MAKE THE PROJECT

- 1 Choose the acorn tops to be used and find a bell or bead that fits inside the acorn topper.
- 2 Using the crafts glue, secure the bell or bead inside the acorn top. The jingle bell or bead should fit securely into the topper. Let dry.
- 3 Wrap the twine or ribbon around the wrapped box or gift box. Glue the finished acorn topper to the top of the finished box.
