

Magical Holiday Arrangement

For a magical holiday centerpiece, use peppermint candies to showcase bright red roses and greenery. The trick to this lovely centerpiece is the little vase hidden inside the larger vase.

WHAT YOU NEED FOR THE ARRANGEMENT

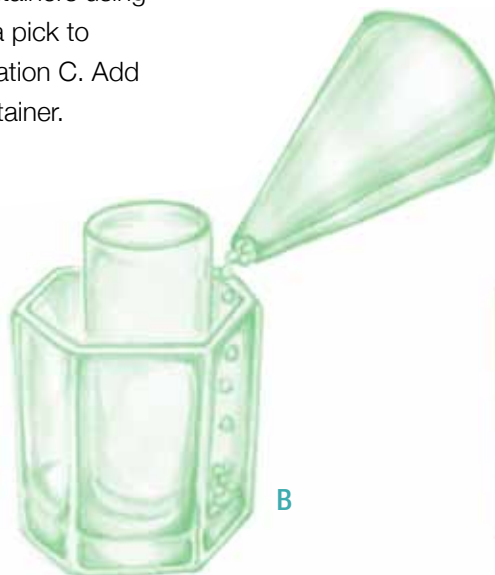

- Large glass vase or pitcher
- Smaller vase to fit inside larger vase
- Floral putty, tacky wax, or double-stick tape (optional)
- Candy, cranberries or other items to fit between the containers or vases
- Cut stems of fresh flowers
- Fresh greenery

HOW TO MAKE THE PROJECT

- 1 Place the smaller container inside the pitcher. The smaller container should leave enough room around it for the cranberries or candy. See Illustration A, below. Use some floral putty, tacky wax, or double-stick tape to secure if necessary.
- 2 Fill the inside container with water. Carefully place the candy or cranberries between the two containers using a funnel if desired. See Illustration B. Use a pick to adjust the cranberries or candy. See Illustration C. Add the flowers and greenery to the inside container.
