

## Kids Art Wrap

Let the kids become wrapping paper designers by using their artwork to wrap all kinds of gifts. Instead of a bow, use a strip of the colorful paper and twist it around to make a package topper.

### WHAT YOU NEED

- Package to wrap
- Children's artwork large enough to wrap the package
- Scissors
- Tape
- Solid colored paper
- Paper punch
- Alphabet stickers
- Gift Tag
- Twine or ribbon

### HOW TO MAKE THE PROJECT

- 1 Wrap the gift centering the gift on the artwork to take best advantage of the paper and artwork. Tape at corners to hold in place. Crease the edges.
- 2 Cut a strip of the patterned paper and make a loop on top of the box, securing in place with tape.
- 3 Make a gift tag by cutting some solid-colored paper into a tag shape. Add alphabet stickers to spell out the name. Punch a hole in the corner and tie to the strip of paper at the top using twine or ribbon.
