## 30 - Something

KT's layered patchwork technique makes these delightful double stars a breeze to make. We've simplified the traditional piecing and increased the dimensional appeal with raw edge elements stitched on background squares. The result? Blocks that are less bulky and perfectly square with fewer seams and less pressing. *It all adds up to a stress free day of quilting!* This pattern is from KT's book **Layers of**

**Love**, which is available to participants for \$10, half the usual price. An optional kit that includes all fabric for top and binding is also available for \$99. Participants who wish to purchase **Layers of Love** or the \$99 kit must register by January 8, 2019.
