

Lisa Jamison

You may have already met this awesome staff member if you have called our shop. Lisa joined us at the first of this year to help answer our busy phones and do some clerical work. She is a perfect fit in this position as her perky personality and sweet smile radiates into every phone call. Our customers love chatting with her and she has quickly become an essential part of our team. She keeps us all smiling everyday with her happy disposition.

When she started working, she made it clear she did not sew or stitch anything and she did not intend to begin. In September she bought her first JANOME sewing machine and the rest, as they say, is history. She recently started making a quilt and loves it! She started building her own fabric stash, in mostly pink, her favorite color. She has joined the rest of our staff as one of our "best customers".

Lisa is puppy mom to a rescued miniature long hair dachshund named Princess. Lisa also enjoys reading, playing games and chocolate. She says of herself; "I am happy 99% of the time and very easy to get along with". We would certainly agree and are so grateful she joined our stitching family. It won't be long before she is making a shop sample, even though she NEVER would have believed that when she first joined our team.
