

Cutting

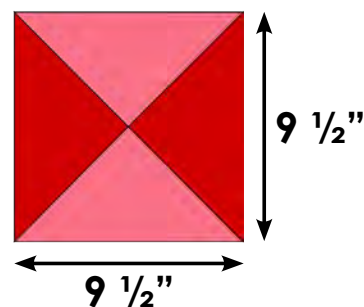

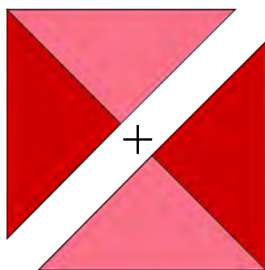

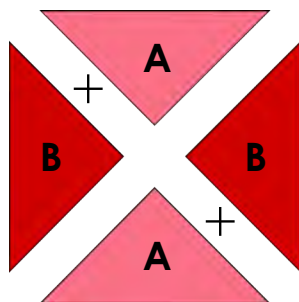

Cut Square Twice
Diagonally

PLEASE NOTE: The block diagrams are shown using (2) fabrics for the "D" units. Plan cutting and fabric placement before proceeding. Use a scant $\frac{1}{4}$ " seam when piecing this block.

A	(1) $10 \frac{1}{4}$ " square; cut the square twice diagonally to make (4) A triangles. Please note that (2) triangles will be unused.
B	(1) $10 \frac{1}{4}$ " square; cut the square twice diagonally to make (4) B triangles. Please note that (2) triangles will be unused.
C	(4) $4 \frac{1}{4}$ " squares; cut each square twice diagonally to make (16) C triangles. Please note that (2) triangles will be unused.
D	(4) $4 \frac{1}{4}$ " squares; cut each square twice diagonally to make (16) D triangles. Please note that (2) triangles will be unused.

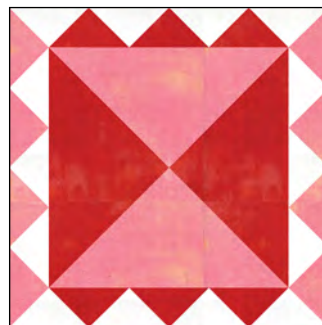

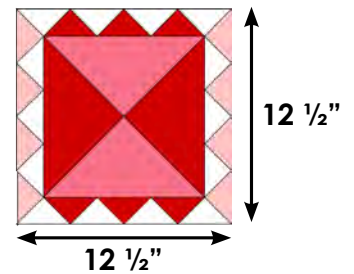

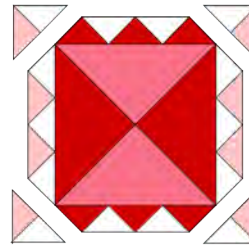

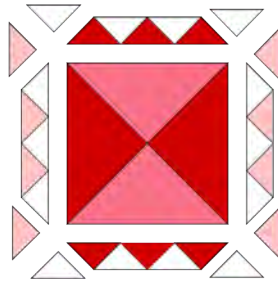

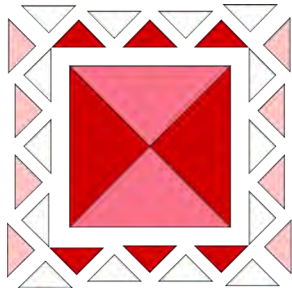

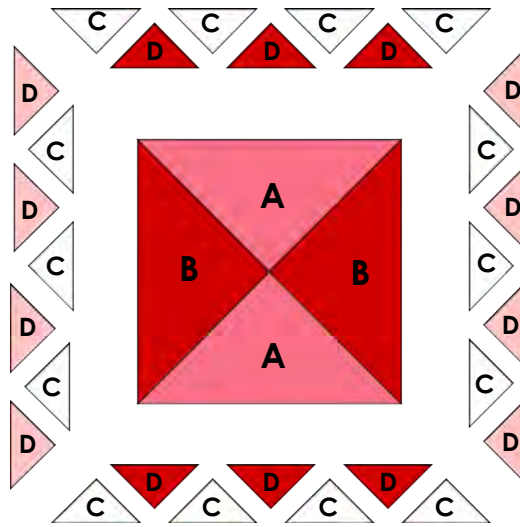

Assembly

1. Make a QST unit for the center of the block using (2) A triangles and (2) B triangles. The longest edges of the triangles will create the outside edges of the QST unit.
2. Sew together as shown, pressing seams to the B triangles. Once complete, trim the QST unit to measure $9 \frac{1}{2}$ " x $9 \frac{1}{2}$ " unfinished.

3. Lay out C and D triangles around the QST unit as shown, alternating between fabrics.

4. Once you have confirmed that the layout is correct, begin sewing the top, bottom and side triangle units together as shown. Sew the C/D triangles present at the four corners of the block together as shown leaving those separate from the side units at this time.
5. Attach top, bottom and side triangle units to the QST unit. Press outward and away from the QST unit. (Please note that the C/D triangles are not sewn to the corners at this step.)
6. Attach the C/D triangle units to the four corners to complete the block.
7. Press the C/D triangle units outward to complete the block. Completed block should measure 12 1/2" x 12 1/2" unfinished.

Be sure to share your block and progress online!
