

Pam Wilson

Pam Wilson joined our staff about 2 years ago and we were instantly blessed! She is originally from New York State and moved here just prior to finding us. While living on the family farm she worked raising poultry. She added alpacas to the farm so she could harvest their fiber for spinning and knitting. An animal lover, she shares her home with fur babies; Annamae a rescue dog from Virginia and two rescued barn cats, Henry and Elizabeth. Pam is camera shy, so we posted their picture in her sewing room. Did you think we hired animals too?

Pam has a happy, but quiet disposition with a great wealth of stitching knowledge. Her favorite stitching project is a toss-up between sewing and knitting. She taught herself smocking and enjoys making little girls dresses. Her friendly personality and can-do attitude make her a great fit in our stitching family.
