

## **Sandy Baitz**

Sandy joined us in August of 2019 to organize our classes, help with our in-store event scheduling and update our webpage. Her computer knowledge is vital to our business as, during the pandemic the website became a lifeline for our customers.

A retired 1st grade teacher, she was with the Hamilton Heights school system for 22 years as an assistant, technology break/fix, curriculum/technology coordinator and data coordinator before moving back to the classroom. You probably won't see her in our shop much, as her job is a work from home position. She likes to go antique hunting, read, and spend time with her family and their 4-H activities. Married to Steve for over 40 years, they have two children and six grandsons.

Sandy loves to do handwork and has a new love of wool applique. Like all our staff, she has found working here often leads to new fiber addictions. Her hearty laugh and gentle spirit are fun to be around and keeps our staff smiling. We are grateful Sandy joined us to have something fun to do in retirement and our customers have been noticing her excellent work on our website and back at scheduling in store classes and events again.
