

Virginia Green  
**“Not an expert, but love to do it all”**

Virginia has been part of the Always In Stitches staff since Lyneen called her to say she was opening a shop. “I was here from the beginning. There was no back room then, just a curtain,” she laughs as she remembers opening day in August 2007.

A consummate collector and hostess, Virginia’s dollhouse of miniatures is furnished and appointed down to the smallest detail. It gets redecorated every year for Christmas. Her collection of fine china could stock a restaurant.

**Specialties:** Cross-stitch, knitting, quilting. “I love to do it all. I’m not an expert, but I love to do all needle arts.”

**Favorite fabric:** 1930s quilting fabric

**Most memorable project:** My first stack and whack quilt. “It was so fun to see what each square would end up looking like.”

**What’s most memorable about Virginia:** Her stories. “She’s more ornery than she looks,” says Lyneen.

**Best way to spend \$30:** Fabric

**I can’t live without** the Always In Stitches staff support.

**My next project:** Unfinished projects.
