Spectacular  
September  
Greetings!

The year is rapidly slipping away, but this Fall, at least here in Southwest New Mexico, is looking grand.

Things are going great here at Aunt Judy's Attic. We are even planning some upcoming classes this fall and looking forward to lots of new fabrics.

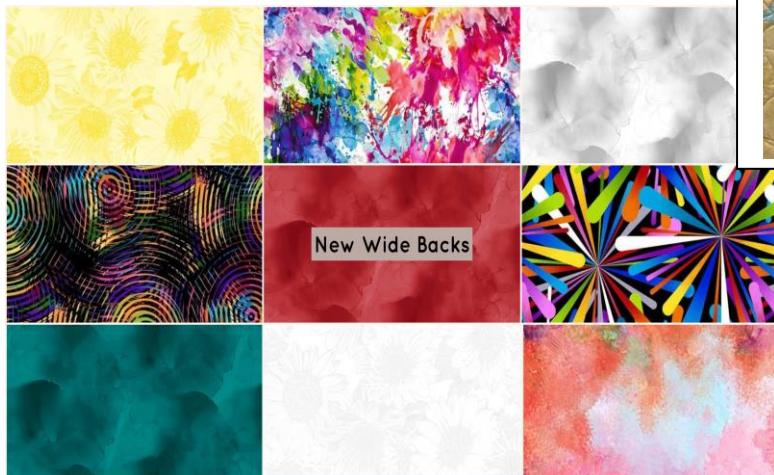

Come in and see us.

*Judy*

SIZE SQUARE TO CUT			
Length Needed	2" Wide Bias Strip	2 1/2" Wide Bias Strip	3" Wide Bias Strip
110"	16" square	18" square	20" square
220"	23" square	26" square	28" square
340"	28" square	32" square	35" square
460"	33" square	37" square	40" square

## HOW TO MAKE CONTINUOUS BIAS

1. Measure the quilt to determine how many inches of binding you need. Allow 10" extra for turning corners and the closure. Refer to chart above to find the size square needed.
2. Cut the square in half diagonally (see Diagrams A – C). With right sides together, sew the triangles together with a 1/4" seam and press open.
3. On the fabric wrong side long edges, use a ruler to draw lines to make strips of your chosen binding width (see Diagram D).
4. Bring the short diagonal edges together (see Diagram E) forming a tube. Offset the drawn lines by one strip. With right sides together, match lines and stitch 1/4" seam. Press open.
5. With scissors, cut along continuously drawn line (see Diagram F).
