

## Barb's President's Block

Hope you have fun making these blocks. I am asking for blocks of 3 different sizes made from two colors of **Batiks**. There should be good contrast between the batik colors. It does not matter the placement of the light and dark - in the center or surrounding the center square. There are 3 sizes of blocks -  $12\frac{1}{2}$ ",  $8\frac{1}{2}$ ", and  $4\frac{1}{2}$ ". **Please make 2 blocks - same size or different size, same fabrics or different fabrics.**

Please don't sign your blocks - there will be a signature fabric for you to sign when you turn in your blocks. Or pin your name to your block and I will put your name on the signature fabric. If your blocks end up a little too big, don't worry, I can trim them to fit.

Please email me or call if you have any questions. Barb Ridgeway
