# Tucker University Course & Supply List

**Class Date/Time:** \_\_\_\_\_

## **1-201: V Block, Sidekicks, and High/Lows**

If you are seeing stars in your future then you have just found your new best friend, the V Block. Making stars is not the only thing the V Block can do to improve your piecing techniques. Once you learn how to use the V Block, you will not go back to those plastic templates you have been tracing and slicing. Or connect a V Block with a half square triangle and watch the curves develop. The possibilities are only limited to your imagination.

Push the use of your V Block a bit further by learning how to create Sidekicks and High/Low units. You will amaze your quilting friends by thinking that you made a difficult unit, when in fact the use of the V Block made your life so easy.

\*Required tools: V-Block and Quilter's Magic Wand®

\*Required Technique Sheet: Sidekick & High/Low

\*Required Design Sheet: V-Block

\*These items can be purchased at Prairie Flower Crafts

## **Pre-Cutting Directions:**

Fabric: Strips can be cut from fat quarters or even scraps from your stash. However, try for minimum strip lengths of 15" and then to add up to the required length from the chart. Mix & match colors – remember that we're learning techniques and you can learn using I-wonder (I wonder why I bought this) fabric.

Pre-Class Cutting Instructions WOF = width of fabric, approx. 40"

Note: Cutting instructions are for a limited number of class samples.
