

Beginning QUILTING Machine

Beginning Quilting by Machine Class

Eight 2-hour classes

This class will introduce you to quilting by machine and rotary cutting. You will learn tips and tricks, beginning with choosing fabrics, to make your quilting journey a successful one.

You must be comfortable with your sewing machine to take this class. You also must have a 1/4" foot for the machine before the second class. If you don't already have one, we will help you determine which foot will fit your machine if you bring in the shank from your machine. Better yet, bring in the whole machine at least two weeks before the first class. If need be, we can order a foot for you.

Classes Offered At:

You will make a baby- or lap-size quilt. All fabrics must be purchased from this store. We will start rotary cutting in the first class so you will not need to bring your machine to that class.

Supply list:

- A loose-leaf notebook and 30 page protectors
- Notebook paper and pencil
- All fabrics listed, washed and ironed (don't use fabric softener!)
- Sewing machine, cord, foot control, a walking foot, and a 1/4" foot
- Rotary mat, cutter, and two rulers—6" x 24" and 6" x 12"
- 100% cotton thread, not cotton-wrapped poly
- Basic sewing kit—pins, tape measure, seam ripper, scissors
- New size 80/12 sewing machine needles—universals or microtex sharps

Dates:

Time:

	Baby	Lap
Finished size	39" x 48"	61" square
Background fabric	1 1/3 yds.	1 3/4 yds.
Color A – Nine Patch fabric	1 1/4 yds.	1 3/4 yds.
Color B – Inner border and Monkey Wrench	1 1/2 yds.	1 1/4 yds.
Outer border (nondirectional prints only)	1 1/2 yds.	2 yds.

NOTE: If you choose a directional print for the outer border, you will have to buy 2 3/4 yards for the lap size and you will have to piece the top and bottom border. Better to select a nondirectional fabric.
