

Create Your Own TAS Name Badge

Use the following instructions and art work to design your own name badge. We have included the color logo to use as a guide when choosing your fabrics. Enjoy!

The TAS logo is copyrighted and any other use must have TAS written permission.

Finished size of the completed tag can be from 6 to 8 inches (15.5 to 20.5 cm). The logo can also be placed on the back of a vest or jacket. Enlarge the design to 400% and you can have a large logo for a chapter banner.

The background can be white or cream (plain or tone on tone).

Name TAS can be square or round. You may use scraps of fabric for appliqué or use embroidery for the small details.

Bind is your choice of color.

Make this as a Chapter project or as a goal for an annual meeting. Make Name Tag a long rectangle and it can hold all the pins you collect, or you can make it very simple. Creativity and individually is the rule in this project.

Colors used are: Pear-yellow; Apple-red; Apricot (right side bottom fruit) yellow/orange; Plums-red and blue (left side top fruit), Leaves-variety of green; Stem-brown; Bird-blue; Banner-light cream; Lettering-black; your name-dark color.
