

## *Filigree*

Have you ever wanted to make a Snail's Trail quilt? If so, then this quilt's for you! Filigree is a unique variation on a traditional Snail's Trail block. Instead of a four patch in the center, there are two pointy triangles giving you inter-locking twists - a unique effect reminding us of filigree scrollwork. With the addition of the Corner Beam units between the Snail's Trail blocks you have even more spiky interest!
