

JUST TOO EASY from Cozy Quilt Designs

Teacher: Penni Albarran

Okay, so I'm hooked. I had so much fun making these strip sets. The surprise comes after you cut your triangles and then open them up to see the combination of fabrics. Each one is different. You use 2 ½" strips. They can be from a "Bali Pop", a "Jelly Roll", or from your own collection of fabrics. I've made this many times, but this one is from a Red, White and Blue collection. I can't wait to see what you choose.
