Cargo Duffle Bag

Sherry Ramaila

Perfect size for an overnight or carry-on bag. Finishes up at 12" long, 9 1/2" wide, and 6 1/2" deep. You will need to download the free pattern for this workshop from Robert Kaufman at <http://www.robertkaufman.com/assets/pdf/CargoDufflePattern-Noodlehead2014-2.pdf>.

You should be able to complete or mostly complete this bag by the end of the class.

Fabric should be cut and fused prior to class according to cutting and fusing layout provided.

Supplies Needed:

See attached Supply List, and Cutting and Fusing Instructions.

CARGO DUFFLE BAG

Pattern by Anna Graham of Nooodlehead - available for free at
http://www.robertkaufman.com/quilting/quilts_patterns/Cargo_Duffie/
(constructed the Sherry Ramaila Way – and with lining)

Please cut and fuse your fabrics from this guide – Sherry Ramaila has made changes to improve on the structure and sewing technique of this bag. If you have any questions, email me at sherryzzz@yahoo.com.

Fabric Requirements and Notions (note: all fabric is quilting cotton)

3/4 yard main exterior fabric (quilting cotton) for front panels, zipper gusset, exterior of handles (you may want to get 1 yard if you need to fussy cut or match patterns)
3/4 yard accent fabric for bottom accent panel, bottom gusset, underside of handles
1/3 yard contrasting fabric for front pockets and pocket flaps
1 yard lining fabric
2 yards single-sided fusible foam batting (Pellon FF78F1 or Bosal In-R-Foam). Please DO NOT use double-sided fusible.
1/2 yard single-sided fusible lightweight interfacing
1/4 yard single-sided fusible fleece batting
1/4 yard Peltex heavy duty single-sided fusible interfacing
26” Coverall Zipper - Joann’s sells these in tan and black, or you can order in more colors from https://www.wawak.com/Zippers/Specialty/Coverall/ykk-5-brass-two-way-non-separating-coverall-zipper-/?sku=BZ5226NSBE Zippers can be converted to a center opening zipper by following this tutorial: http://www.threadridinghood.com/wordpress/change-a-double-zipper-to-close-in-the-centre-tutorial/ Or a 30” center opening bag zipper
Thread to match main exterior fabric, accent fabric and pocket fabric, with matching wound bobbins
Size 90/14 or 100/16 sewing machine needles – bring extras
Quilting clips, or long sturdy pins
Pencil, scissors, seam ripper, 24” ruler, and any of the usual sewing supplies you use
4 Dritz brand Mini Anorack snaps with tool kit. (Application of the snaps will be demonstrated in class, so you can purchase later if you want, or purchase snaps from instructor in class.)
Sewing Machine with walking foot – machine must be in good working order and capable of sewing through multiple layers of fabric and batting.
Pattern – download and print for free from http://www.robertkaufman.com/quilting/quilts_patterns/Cargo_Duffie/
12” regular zipper for inside lining pocket

Information

Please download and print pattern (see website above) before class and bring with you to class. We will be following some of the instructions from the pattern, but there are a number of differences that we will be making to our bags, most notably incorporating a lining into the construction of the bag.

Additionally, we will be using foam batting so there is no need to quilt the bag panels. Because of limited time in class, all fabric, foam batting, interfacing and fleece batting pieces must be cut and fused prior to class. There is a lot to accomplish in class and there will not be time to cut or fuse pieces during class.

Cutting

All pieces must be cut before class as there will not be time during class. Expect to spend approximately one and half to two hours cutting and fusing.

Main Exterior Fabric

Front/Back	Cut 2	11.5" tall x 19" wide
Zipper Gusset	Cut 2	3.25" wide x 27.5" long
Handles (exterior side)	Cut 2	2.75" wide by 22" long (or cut handles longer as desired)

Accent Fabric

Bottom Panel Accent	Cut 2	4.5" tall x 19" long
Bottom Gusset	Cut 1	6.5" wide x 30.5" long
Handles (underside)	Cut 2	1.75" wide by 22" long* (or same length as handle exterior)
Zipper tab/stop	Cut 2	1.5" wide by 2" long

*handle underside is 1" narrower than handle exterior side – this is not a typo

Pockets and Flaps

Front Pockets	Cut 2	5.5" tall x 19" wide**
Pocket Flaps	Cut 4	3.75" tall x 6.75" wide

**pocket incorporates 3/4" pleats and finishes at approximately 11.5" wide

Foam Batting (one-sided fusible) - Pellon FF78F1 or Bosal

Front/Back	Cut 2	11.5" tall x 19" wide
Zipper Gusset	Cut 2	3.25" wide x 27.5" long
Bottom Gusset	Cut 1	6.5" wide x 30.5" long

Interfacing (light to medium weight, one-sided fusible)

For Front Pockets	Cut 1	5.5" tall x 19" wide
For Pocket Flaps	Cut 2	3.75" tall x 6.75" wide
For Handles (underside)	Cut 2	1.75" wide by 22" long (or cut handles longer as desired)

For optional zipper pocket in lining: cut one piece 1.5" wide by 14" long

Fusible Fleece Batting

For Handles (exterior)	Cut 2	2.75" wide by 22" long (or same length as other handle pieces)
------------------------	-------	--

Peltex heavy duty single-sided fusible interfacing

For bag bottom support	Cut 1	5 1/8" x 17"
------------------------	-------	--------------

Lining Fabric

Front/Back	Cut 2	11.5" tall x 19" wide
Zipper Gusset	Cut 2	3.25" wide x 27.5" long
Bottom Gusset	Cut 1	6.5" wide x 30.5" long

Optional Pockets in Lining (cut from lining fabric)

Zipper Pocket	Cut 2	10" tall x 15" wide
Slip Pockets	Cut 1	18" tall x 19" wide (fold in half and press to 9" x 19")

Inserting zipper and creating zipper pocket will be demonstrated in class

Fusing

All pieces must be fused before class as there will not be time during class.

Fusing to Foam Batting

Fuse the following pieces to the corresponding foam batting pieces

Front and Back (main exterior fabric)	11.5" tall x 19" wide
Zipper Gussets (main exterior fabric)	3.25" wide x 27.5" long
Bottom Gusset (accent fabric)	6.5" wide x 30.5" long

Fusing to Interfacing

Fuse the following pieces to the corresponding interfacing pieces

Front Pockets (pocket fabric)	5.5" tall x 19" wide
Pocket Flaps (pocket fabric)	3.75" tall x 6.75" wide
Handles Underside (accent fabric)	1.75" wide by 22" long

Fusing to Fleece Batting

Fuse the following pieces to the corresponding fleece batting pieces

Handles Exterior (main exterior fabric)	2.75" wide by 22" long
---	------------------------

Peltex will be fused to bag bottom during construction process.
