Here is a cute baby blanket or wall hanging you can make using Lori Holt's Woolly Sheep Block. Every loves her little sheep, now you can have your own.

Book required: Farm Girl Vintage by Lori Holt

Fabric: Assorted fabrics for the sheep. You can make them all the same or as scrappy as you'd like. I used 9 different black and whites, but you can make this in whatever colors you chose. Fat quarters are usually more than enough

Supplies:

Sewing machine

Thread to match

Rotary cutter, ruler 6 x 24 (or whatever one you're used to using)

Seam ripper

Usual sewing supplies

Optional Supplies: Folded Corner Clipper

Pressing Stick

I will have these in class to demonstrate how to use them if you're not familiar with them.

Look forward to seeing you in class, feel free to call or email me with any question
