

Home is Where the Heart Is Supply List

This quilt measures 59" X 75" when finished.

This quilt is from the book "*I Love House Blocks*" from Martingale Publishing, That Patchwork Place. There may be copies available from Amazon or used online, we can no longer get it at the shop. I will give you the patterns in class.

Fabrics:

- 4 yards of background fabric
- 13 fat quarters for the houses
- 7 fat quarters for the hearts
- ½ yard – 5/8 yard for binding (If you cut your binding at 2 ½", get 5/8 yard, otherwise ½ yard will do.)
- 4 ¾ yard for backing fabric

Additional material for class:

- Sewing machine in good working order (It might be a good idea to prewind a bobbin or two)
- Thread clippers
- Seam ripper (just in case)
- Rotary cutter and mat (I can give you the cutting instructions if you want to do some precutting before class, otherwise I will explain the cutting and you will do some of it in class. Since there are 4 different house patterns, decide which fabric will be for which House, A, B, C, and D.)
- (2) Acrylic Rulers; one at least 6" X 24", the other can be any width, but at least 12"
- Neutral, 50 weight, 100% cotton thread for piecing
- Fine, sharp straight pins and pincushion-I recommend a magnetic one.
- If you have the Folded Corner Clipper ruler, bring it *
- Also, if you have the Wing Clipper (by Studio 180), bring it *

*These are not required, but helpful tools.

We will cut and sew some of the houses in the first class, you will cut and sew the remainder at home. The second class we will make the cornerstone hearts and begin your quilt layout.
