McKenna Ryan Technique Club
Instructor: Marilyn Petersen

Now is the time to work on those McKenna Ryan projects that you may have been saving or this is an opportunity to start working on a project you have admired.

I will demonstrate the various techniques used to create these beautiful quilts and we will work together on our projects.

The shop will also have a variety of kits available for purchase. These kits include the pattern and all of the fabrics. We have worked hard to collect the same fabrics as used in each pattern. If you already own the pattern but not the fabric, I will deduct the price of the pattern from each kit.

These are fun today and you will love the results!

Required Supplies:

- Pattern and fabric
- Good, sharp scissors. I love the Gingher embroidery scissors and the Omnigrid small sharps. I will have these available for purchase in class.
- Fusible web – Steam A Seam II Lite
- Appliqué pressing sheet.
- Pencil for tracing (mechanical pencils work very well)
- Omnigrid travel board – optional (These are the boards that had a cutting side and pressing side. If you have one, please bring it)
- You do not need to bring your machine.
