FEATHER FOUNDATIONS

November 15 **9-12**

Feather designs always add a touch of class to any quilt, evoking a positive response from any viewer. Learn to draw and stitch these beautiful elements in many different styles, from traditional to contemporary. Then learn how to fit them in specific geometric spaces, how to turn corners, make feather wreaths, and how to echo and add fills. It's easier than you think!

TOPICS INCLUDE:

- Basic feather spines and stitching paths
- Feathered wreaths and swags
- Fitting feathers within a geometric space
- Feathered borders
- Using feathers in an overall design

HQ **AMARA**TM₂₀

HQ **FORTE**TM₂₄

CURVY RULERS AHEAD

November 15 **1-4**

Fasten your seatbelts and get ready to drive! You'll be rounding corners, navigating curves and riding up and down with this class on curved templates. Learn how to read and use the markings on the templates, and the tricks for making half circles, flattened circles, and perfectly curved lines. Create beautiful quilting designs using swags, clam shells, ovals, arcs and half circles.

TOPICS INCLUDE:

- Use mini-circle, half-circle, and full circle rulers
- Master wave, arc, and clamshell rulers
- Measure and fit designs within a border
- Create curved crosshatching and ruler/background fill combinations
- Alternate methods with the HQ Pro-Stitcher and Groovy Boards

QUILTING BEYOND THE DESIGN

November 16 **9-12**

Begin with a basic design from a stencil, a ruler or template, an applique, a fabric print, a cookie cutter or a shape you draw yourself. Then, learn to transform that design from basic to spectacular by extending, expanding, and adding secondary designs, repeats, fills and special effects. Learn marking techniques and tools for applying designs to quilt tops.

TOPICS INCLUDE:

- How to mark and use stencils as design foundations
- How to transfer doodles from paper to quilting
- Enhance a design with fillers and embellishments
- Use marked grids as a design foundation and road map
- Draw inspiration from fabric prints

THE SIMPLE PATH TO STRAIGHT LINE QUILTING

November 16 **1-4**

The trend of modern quilts, with large areas of "negative space", has created new interest in straight line quilting and crosshatching. Both are impressive to behold, but neither is difficult to achieve when you know the tools and tricks. Come learn the methods involved and how to create amazing geometric designs by quilting simple lines.

TOPICS INCLUDE:

- Straight-line ruler work
- All about channel locks
- Crosshatching and curved crosshatching
- How to use lines effectively in borders
- Creating geometric quilting designs
