60 Minute Apron

Fabric: 1 yard

- Start with 1 yard of fabric folded lengthwise, selvage-to-selvage.
- Measure 14" from fold and cut lengthwise.
- For ties: cut 3 long strips from the fabric left - 2" x 36". See above diagram.
- Measure 33 1/2" lengthwise and cut.
- Your fabric will now be 28" x 33 1/2".
- Measure in from fold 5 1/2" from top and 21 1/2" up from bottom. Cut on diagonal from both points.
- Fold down top 1/2", press. Fold over another 1/2" and press. This creates a finished hem. Sew close to edge.
- Fold up bottom 1/2", press. Fold over 1/2" again, press and sew edge.
- Repeat this process for both sides.
- Gently fold over 1/2" along diagonal armholes. Avoid stretching fabric. Press. Fold over again 1/2", press.
- Sew along edges.
- On two of the ties, fold in ends 1/4", press.
- Fold in half lengthwise and press. Fold both edges to this pressed line and then fold in half on pressed fold to hide raw edges. Sew along the edge.
- Sew each tie in place at A in diagram on both sides for waist.
- Use the last 2" strip for neck loop. We cut ours 2" x 23 1/2". Adjust as necessary. Repeat above process and sew to point B on both sides of neck.
- Enjoy!
