## What Will You Make in 2017?

With a bright shiny new year ahead of us, it's fun to consider ideas for how to make it a memorable and enjoyable one.

In the quilting realm, some of us are thinking about making at least one of the quilts on our **Someday List** - as in, "Someday, I want to make a Feathered Star." And in fact a large Feathered Star is on at least one of our lists.

A quilt that is on more than one of our lists is Patricia Logan's **French Twist** quilt that appeared in the April 2004 issue of Quilters

*French Twist*

Newsletter Magazine. I guess if we still want to make it almost 13 years later, it's time!

Edith and Kaye did this last year. They had always planned to tackle Smith Street Designs' fabulous machine embroidered **Wild!flowers** someday. When they realized the machine embroidery skills they had polished as teachers of our Anita Goodesign programs would enable them to do a superb job on it, they decided it

was time. Kaye's is done and Edith's will be completed soon.

Linda wants to make a really big Courthouse Steps with skinny strips in taupes.

What do you have on your list? Wouldn't it be wonderful to make it in 2017?

The Pepper Quilt appeared in the

# BLOCKS OF THE MONTH

## LADDER TO THE STARS

## ANIMAL ADVENTURE

NEW FROM BRYNNE SIGG

CONTINUING BLOCK OF THE MONTH

**Ladder To The Stars** will make you feel like you are on a thrilling journey day and night. The dynamic design combines stars and the ever versatile Jacob's Ladder block. The directions are written for a confident beginner and beyond. Quilters Corner is offering this 96" x 96" quilt as an eight month block of the month program. Each month, you will receive a fabric kit with enough fabric to make eight of the blocks. Kits are \$25.00 per month. The pattern is a one time cost of \$10; and is also available separately.

Machine embroidery enthusiasts, this is for you! **Animal Adventure** by Anita Goodesign is adorable. Our wall hanging is 31" x 38" with 10 different animals.

The **Animal Adventure** collection includes a 150+ page full color tutorial book and a multiple-format design CD with 15 different animals, 8 different quilt blocks per animal and 9 different embroidery designs per animal – that's 250+ designs in all. With so many designs and options, you will be able to make the wall hanging as well as embroider these lovable animals onto anything from a onesie to a t-shirt, a bib to an apron, a diaper bag to a backpack - the ideas are endless! The **Animal Adventure** collection is \$250. Kits are \$9/month and include all the fabric for the animals, the background, sashing, and binding. A thread pack of all ten colors of embroidery thread needed is \$45. This ten month program started in October and continues through July. Sign up today!

Gudrun Erla, the designer and owner of GE Designs, was born and raised in Iceland and now lives in Minnesota. She started quilting at the age of 23 and became totally addicted to it right away. She loves everything quick and simple but her designs don't always look that way. She designed the **Stripology Ruler** to make cutting fast and accurate and has written several books and patterns based on strips and 5" and 10" squares. Those of you who have the ruler already know how useful, fast and accurate it is. Gudrun started playing around with the ruler, using it in other ways than to just cut strips, squares and rectangles and she has created many interesting and fun patterns.

Gudrun's new **Stripology Squared Ruler** has all the features you love in the original **Stripology Ruler** and will make squaring up a breeze. The smaller size is easier to manipulate and more portable so it's the perfect choice to

take to classes and retreats. Follow the easy to read markings that make it a cinch to cut strips and squares. The ruler also includes markings to square up half-square triangles and blocks up to 12-1/2". The slots are longer to accommodate larger blocks and cut wider fabrics.

Her new **Stripology Squared** book has complicated looking quilts that come together with ease in no time. A bonus is that each one uses 10" squares, so dive into your stash of precuts or cut your own squares using the **Stripology Squared Ruler** or the **Stripology Ruler**. There are 10 different quilt patterns, each with instructions for making crib to king size quilts. Check out the great YouTube videos featuring the designs from this book, and come in for a demo.

*Prism*

The **Stripology 2** book has six patterns (3 sizes for each) that use 1-1/2" strips. We created a kit using the **Strip Twist** pattern and 64 different gorgeous prints from the Kaffe Fassett Collective. The best part is that we used the Stripology Ruler and have done a lot of the cutting for you!

The **Sweetheart Swing Bag** is playful, pleated and fabulous for every occasion.

The **Boxy Tote** is perfect for toting the Singer Featherweight! There are pockets all the way around on the outside and on the inside to fill with sewing supplies, cosmetics, travel accessories, etc. Heavy duty stays (included with the pattern) keep the bags mouth wide open and make it easy to reach in and grab what you need.

Make a plush, quilted pet bed for your best friend in two sizes: small (up to 12 lbs) and bigger (up to 25 lbs). **Pieceful Pet Beds** includes directions to make the bed, pieced blocks to make the pillow, and cute dog, cat (and mouse!) appliques.

The Sew Kind of Wonderful sisters have yet again produced several new charming patterns using the Quick Curve Ruler and the Mini Quick Curve Ruler. **Mod Owls**, **Mod Strawberries** and **Mod Pineapples** are simply yummy.

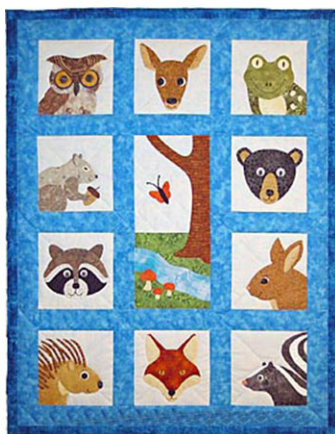

**Urbanologie** is their new sampler pattern. There are 12 different themed blocks including houses, birds, flowers and more, that may be used to create a sampler quilt. They have included three different layouts or choose your favorite block(s) and create your own design.

One of our favorite finds from Quilt Market is a series of patterns with gorgeous birds and flowers designed by Darcy Ashton from Anna's Awesome Appliqué. They are written for embroidery machines but all the patterns are available in a booklet for traditional

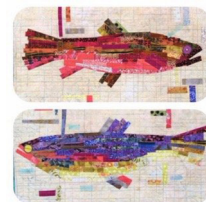

appliqué. In fact, the original designs were completed by hand and Anna digitized them for hooped embroidery. They are simply beautiful! Embroidery formats: ART, EXP, JEF, PES, VP3. Cutting machine formats: FCM, JPEG, PDF, SVG. Look for samples soon...

We liked the simple and charming designs for the ten animal faces in **Whimsical Woodland Faces**. They are suitable for hand, machine or fusible appliqué. Make a quilt or use individual blocks to create a Woodland Faces quilted quiet book. Ask for the free book pattern.

Laura Heine of Fiberworks has designed over 25 different collage patterns. Many of you have taken a class with Valerie Leftwich here at the shop, and the quilts you have produced have been wonderful and unique.

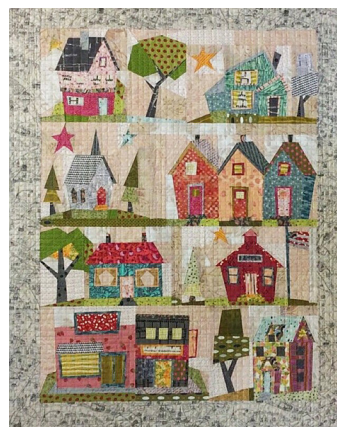

Laura has a new collage pattern, **Making Fish**. It includes instructions for creating very handsome fish and incorporating them into four 14" x 22" placemats. After you learn how to make the fish you can create table runners, wall hangings or quilts.

Laura's **Little Book of Collage** supplements her patterns and helps you develop your own patterns. It gives step by step instruction on her collage techniques, color and value, what fabrics work well, those that blend or stand alone and those that absolutely do not work. This is a great resource if you are not able to attend a class or if you need reminders and tips after a class.

Laura's booth at Quilt Market had several other

new (non-collage) patterns; pieced, paper pieced and appliqué, that we loved and had to bring back to you. **My Kinda Town** features scrappy houses and trees; **Audubon Society** features pieced birds in a tree and **Woodlands** is a lovely appliqué with creatures from the forest.

**Floor Tiles** is a new rug pattern from Aunties Two that uses fabric squares and fusible foam batting. The floor tiles are based on 6" fabric squares but you can use the technique with any size. Use the rug anywhere you'd like to add color or protect your flooring.

Gather up 12 light fat quarters and 12 dark fat quarters from your stash or choose a pack that we've selected, to create **Maybe I'm Amazed**. It couldn't be simpler and would be interesting in many styles of fabric.

Patternworkz Design Studio impressed us with their wonderful designs and the multiple variations possible with each pattern depending on fabric choices. The stash busting potential is incredible and the patterns are well written, with clear illustrations.

**Modern Mingle**, with sizes from lap to king offers endless outcomes. Use two fabrics or two hundred; this pattern easily adapts to a brand new fabric collection or you can dive into your stash. Look for a sample and kit soon.

String piecing has long been a scrap savers favorite. **Fassenating Pinwheels** was designed to use up bits and pieces that are too good to throw out but never seem to get used. Caution! This can be addictive. A ruler is available to simplify cutting but it is not required.

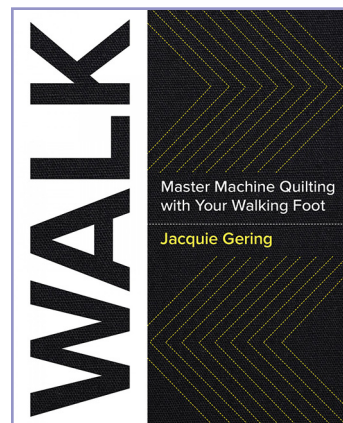

**Japanese Windows** is 102" x 102" but could easily be adapted to any size. The designer used upwards of a hundred different fabrics for this large, scrappy, gorgeous quilt! Other patterns available from Patternworkz include **Bladez** and

**String Stars**. We loved them all!

Free motion quilting not for you? How about some "forward motion" quilting? Get that walking foot out of the ditch, take it for a drive and see what that baby can really do! **Walk Master Machine Quilting with Your Walking Foot** by

Jacquie Gering will be your guide. You'll work your way from walking foot basics to intricate marked designs as you master machine quilting with your walking foot.

In **Quilt with Tula and Angela** two of the biggest celebrities in quilting take the guesswork out of color, shape and line, giving their brilliant aesthetic punch to 17 quilt patterns. This start to finish guide includes essentials on tools, quilting, backing and binding, plus 24 quilting motifs.

Tula Pink's unique and innovative approach to color will give you a comprehensive color education. Angela Walters gives clear advice on quilting to lend surface interest to every project - no vague advice to, "quilt as desired"! Get your copy soon and receive a free book plate signed by Tula and Angela. Supplies are limited.

# SEW GIVERS

## CHARITY SEWING AT QUILTERS CORNER

In 2015 as part of our 20th year in business, we at Quilters Corner wanted to contribute to our community. We researched projects which could benefit our neighbors served by local service organizations and agencies. Emails went out to all of you on our list, along with free patterns to make the featured projects. Quilters and sewists can be very generous when we join together to accomplish a goal; your response far surpassed our hopes.

A very dedicated group showed up on Tuesday mornings to sew these projects with others. Friendships blossomed as the piles of finished items grew. This group has been meeting on Tuesday mornings from 10 – noon for almost two years now, and they've named themselves the **Sew Givers**. They welcome your participation!

*Tuesday morning charity sewing – it's fun to sew with other people!*

### FABRIC NEEDED

The **Sew Givers** have sewn so many pillowcases, mittens, cancer caps, tote bags, premie quilts, placemats, ... that they are running out of fabric! They can use good quality cotton and cotton blend fabric (pieces of at least 1/4 yard please) and fleece. Please think of them next time you clean up your sewing area.

**Thank You** to everyone who brought in food, toiletries, pet food, and cleaning supplies Thanksgiving weekend. We gave hundreds of pounds of donations to help stock the Ithaca Kitchen Cupboard, and thanks to the generosity of those who offered cash, they also got \$70. Well done!
