SEWING | QUILTING | EMBROIDERY | CRAFTING

The History of Brother

OVER 100 YEARS OF INSPIRATION AND REVOLUTION

With over 100 years of unequaled growth and innovation, Brother continues to be an industry leader in the home sewing and crafting communities. What started as an ordinary sewing machine repair company back in 1908 has expanded to a global leader for commercial manufacturing and home hobbyists.

Groundbreaking technology has always been prominent for Brother, as new machines continue to integrate technologies designed to simplify virtually any sewing task. With a line of premier six- and ten-needle embroidery machines and cutting-edge sewing machines (complete with laser guides and high-definition display screens) to electronic cutting machines that can scan individual artwork, Brother continues to push the boundaries of creativity. In 2022, with the production of the 70th million sewing machine recently, Brother added another essential milestone to its already celebrated history.

Revolutionary innovation is what Brother produces, and when in the hands of artists, makers, and crafters, imagination and inspiration come to life.

SEWING & EMBROIDERY

LUMINAIRE 3 INNOV-ÍS XP3

- 192 built-in Disney designs

- Enhanced StitchVision Technology* for precise positioning of designs and stitches

- Unique design techniques, such as yarn couching, long-stitch and large connect embroidery designs

- Mobile App compatibility – My Stitch Monitor, My Design Snap and Artspira[1]

- Fine-tip stylus pen included for improved drawing techniques

- 17 included accessory feet, including the Compact MuVit Digital Dual Feed Foot, and an improved Multi-Function Foot Controller

- 65 square inches of workspace – 13.1" from needle-to-arm

- Generous 10 5/8" x 16" embroidery area

- Large 10.1" built-in, high-definition LCD display with capacitive technology

- Artspira Mobile App – Download designs or make your own embroidery designs by drawing on your mobile device

- My Connection feature – When connected to a wireless network, send files back and forth between your machine and select ScanNCut DX machines

* In some cases, there may be some difference between the projector view and the actual embroidery stitchout, based on materials used.

DID YOU KNOW?

The XP3 can now talk to the ScanNCut DX Innov-ís Edition machines. Use the My Connection tile on the ScanNCut DX home screen to utilize the Send/Retrieve function between the ScanNCut DX and the XP3. Exclusive to the SDX325 and SDX330D.

Requires connection to wireless network.

QUILT✳BROIDERY

The Luminaire series has 5 options of two-color quilting sash designs, which are perfect for creating eye-catching, colorful borders. Building upon the sensation of the auto-split designs, enjoy 5 hexagon shapes to give you more options. Then, choose from either single- or triple-stitch for quilt sashing your stitches, so they stand out on your projects. We call it 'Quiltbroidery.'

Stellaire

STELLAIRE INNOV-ÍS XJ1

- 101 built-in Disney designs
- 56 square inches of workspace – 11" from needle-to-arm
- Large embroidery area of 9.5" x 14"
- Brother-exclusive My Design Center – Built-in software for virtually endless design possibilities
- My Design Snap Mobile App[1] for background, line art, and illustration scan
- Large 10.1" built-in high-definition LCD display
- Wireless LAN Capability – Send files from your PC to your machine via the free downloadable software Design Database Transfer[1] (no USB required)
- Artspira Mobile App[1] – Download designs or make your own embroidery designs by drawing on your mobile device
- My Connection feature – When connected to a wireless network, send files back and forth between your machine and select ScanNCut DX machines

TAP INTO CREATIVITY WITH ARTSPIRA

Create your next embroidery design right in the palm of your hand with the Artspira App, a cloud-based design platform. Edit, create, and design all within the app, then wirelessly transfer your creations to your Brother WLAN-enabled machine. Design line-art-inspired drawings with built-in embroidery drawing tools and optional stitch types (straight stitch and zigzag stitch), all from the convenience of your mobile device. Only Artspira has all the ideas, all the art, and all the technology you need to make something amazing today!

Artspira

ARTSPIRA MOBILE APP

- Step-by-step projects for beginners

- Use your mobile device to create one-of-a-kind embroidery designs

- 30 new on-trend designs monthly, inclusive of embroidery and cutting designs

- Create combination projects using both embroidery and cutting machines

- Access designs and new ideas weekly – enjoy a weekly digital magazine full of fresh new project ideas and useful tips

- Wirelessly transfer any design in the Artspira app to your WLAN-enabled Brother embroidery or cutting machine in seconds

- Easy to get started – download the Artspira app directly to your IOS or Android device and use it with any one of these Brother WLAN-enabled machines

Compatible Machines

XP1, XP2, XP3, XJ1, XE1, NQ3700D, NQ1700E, NS2850D, NS1250E, NS1850D, PR1055X, PR680W, SDX85, SDX85C, SDX85M, SDX85S, SDX125E, SDX125EGY, SDX225, SDX225F, SDX325, SDX230D,SDX230DX, SDX230Di, SDX330D

Compatibility may vary by device and operating system. Additional download required. Requires connection to wireless network.

MULTI-NEEDLE EMBROIDERY

ENTREPRENEUR PRO X PR1055X

LIFE CAN BE A BREEZE WITH THE **AIRFLOW 3000**

Add a splash of professional-looking stitches with the versatile, durable AIRFLOW 3000 Air Serger. This versatile and durable serger is a must-have for any sewing room.

The AIRFLOW 3000 is more efficient than a traditional sewing machine as it can cut and finish seams all in one pass. Plus, changing threads is a breeze with Air Threading Technology.
The AIRFLOW 3000 is ideal for advanced sewers who are already using a serger but are looking to upgrade. Or, for serger beginners who use a sewing machine for garment construction, home decor, crafting, and quilting, but are looking to add decorative finishes to their projects. Adding finishing touches to your next project will be a breeze with the AIRFLOW 3000 Air Serger.

AIRFLOW 3000

AIRFLOW 3000

- Air threading technology - with the press of a button, the air sends the thread through the looper

- Excellent stitch quality, making it ideal for fine knits and stretchy materials

- Achieve outstanding finishing touches with flatlock, overlock, and rolled hem stitches on most specialty fabrics

- Quick-change lever for the rolled hemstitch feature

- Switch to activate and deactivate the cutting knife before the edge is wrapped with thread

- Fast speeds of 1,300 stitches per minute

- Differential feed ratio (0.7mm to 2.0mm) provides outstanding stitch quality and acts as the tool for custom lettuce edge finishes on specialty materials.

- Brightly lit work area makes it easy on the eyes when sewing on dark fabrics.

- Included are a Gathering Foot, a Blind Stitch Foot, a Piping Foot, and a Trim Trap

Bonus Item!
4-Piece Thread Set Included

Pacesetter

PACESETTER PS5234

- 2/3/4 thread (1 or 2 needles) – multiple thread options allow you to easily convert between 2, 3, or 4 thread stitches for professional finishes

- Color-coded thread guides allow for easy upper and lower looper threading and quick thread changes with all thread types

- Stitch up to 1,300 stitches per minute and create more in less time

Thread Bundle Included
4-Spool Multi-Color Thread Kit

Pacesetter

PACESETTER PS3734T

- 3/4 thread setting (1 or 2 needles) for professional garment appearance

- Color-coded thread guides allow for easy upper and lower looper threading and quick thread changes with all thread types

- Stitch up to 1,300 stitches per minute and create more in less time

Thread Bundle Included
4-Spool Multi-Color Thread Kit

CV3550

- Ability to make a double-sided tri-cover (6mm), wide cover (6mm), and narrow cover (3mm) stitch

- Large brightly lit 6.1" x 3.9" workspace

- Free arm for easier sewing of necklines and cuffs

COVER STITCH
CV3550

CRAFTING

ScanNCut DX – the only home and hobby cutting machine with a built-in scanner – will take your projects to the next level!

Ready. Set. Craft! All the DX models feature Auto Blade Sensing Technology, which enables you to cut out designs, patterns, or hand-drawn drawings on fabric, paper, vinyl, and other materials of up to 3mm‡ in thickness.

The ScanNCut DX pairs perfectly with Brother sewing machines, allowing you to cut and create fun fabric appliqués.

SCANNCUT DX SDX330D

- 182 built-in Disney designs
- Built-in scanner
- WLAN with My Connection
- Cuts up to 3mm‡ in material thickness
- PES/PHX file readability
- Artspira Mobile App[1] – Download designs or make your own by drawing on your mobile device

ScanNCut DX
Innov-is Edition

Disney

Included in the Box:
- "Getting Started" guide
- Rotary Auto Blade kit with 63 designs included
- Pen holder
- 2 erasable pen set
- Auto Blade with holder
- 12" x 12" low tack mat
- 12" x 12" standard tack mat

1,485 Built-in Designs

140 Built-in Quilt Patterns

17 Lettering Fonts

DID YOU KNOW?

Blade Sensor Technology with Auto Blade

This component detects the height (thickness) of the material placed on a ScanNCut DX compatible mat and can cut precision, custom, and built-in patterns. No need to select a material type or adjust blade depth before cutting! There is also a setting for "half-cut" for cutting the top layer of vinyl, not the backing!

My Connection and Wireless LAN

When connected to your home network, use the My Connection tile on the home screen to utilize the Send/Retrieve function between the ScanNCut DX and the Brother XP sewing machine - no more using a USB to transfer designs between these machines. This great feature is only available in the Dealer-exclusive ScanNCut DX Innov-ís Edition models.

DEALER ADVANTAGE

What do exclusive products, special pricing, education, and fun, inspirational events all have in common? They are part of a unique shopping experience called the "Brother Dealer Advantage." When you visit your local Brother Dealer, you will be surrounded by like-minded, creative people who are there to assist you in becoming an expert DIY home decorator or crafting guru. They can connect you with suitable machines and accessories, appropriate software, and even educational classes to help fuel your creativity and inspiration. In addition, participating dealers have repair centers, tutorial classes, project-making get-togethers, trade-in incentives, special financing, and so much more. It's worth the trip! Having that personal relationship and building trust with a dealer can make all the difference.

The Brother Dealer Advantage offers support, education, and encouragement while giving you personalized, face-to-face customer service – which helps set us apart. Here, you truly become a part of a loyal community that stays with you every step (or stitch) of the way. So, shop your local Brother Dealer today!
