SEWING DIRECTIONS

TIP: Using mailing label stickers, label each die. (Placing the label inside away from the cutting blades.) Starting with the smallest rectangle as number one, increasing in size till you get to #12. The label number is the finished length of the log cabin log.

PIECING TIP: Press seams toward each added piece.

PIECING TIP: The unit just added should be at the top, when feeding the next unit through the machine.

1. Lay out pieces from one block following block diagram on following page.
2. Pin and sew piece 1L to the top of 1D (center block).
3. With the 1L square facing up, pin and sew piece 2L to the right side of 1L/1D center unit.
4. Pin and sew piece 2D to the bottom side of center unit.
5. Pin and sew piece 3D to the left side of center unit. The unit should measure 3½" x 3½".
6. Continue adding pieces by letter following block diagram, till you reach the desired block size. For the sample quilt, make 16, 11½" x 11½" unfinished blocks.
7. Lay out blocks according to photo.
8. Pin and sew into rows together to complete quilt center. Press seams toward bottom of quilt.
9. Add Fabric #3, 6½" strips for border. Press seams toward border.

QUILTING AND FINISHING

The Log Cabin design is licensed exclusively to AccuQuilt.

1. Layer batting between quilt top and backing.
2. Pin or baste layers together.
3. Model was machine quilted with free-motion feathers in the light, and diagonal lines in the dark.
4. Add binding, mitering corners.
