EMBROIDERY & SOFTWARE CLASSES

What Can a Bernina MegaHoop Do?

Instructor Carol Gries

Date: Friday Jan 29, 2021 1:00 – 3:00 \$10

Amazing Things. If you own a Bernina Aurora, Artista or 500 Series, you can increase your available embroidery size from 5.7" x 10" to 5.9" x 15.75". That's almost six inches more! Join Carol for a demonstration of how the MegaHoop works. She'll show you the tricks to easily sliding from one position to another.

If you already own a megahoop, bring it with you.

Cost: \$10.00 and you get a \$10.00 coupon to use in the store on class day.

How to Embroider ...Everything for 2021

COMPLETE 10 Lesson Series \$300

See Website Calendar for dates

Instructor: Carol Gries

Fridays:

Saturdays: all new embroiderers (and experienced ones too). Join Carol for ten months of learning the ins and outs of embroidery. The classes meet once a month over ten months. We'll practice stitching on different fabrics, old and new techniques, tricks and shortcuts and so much more. We'll also cover all the great functions of your embroidery machine, how to get out of trouble and how to avoid it. Choose to come to the Thursday classes or the Saturday ones. The classes run 12:30 – 3:30 with additional suggestions for home projects. This is a skills series, not a project a month program. Learn "how to" in class and then you decide what you want to create. The cost of \$300 includes over 30 hours of instruction and extra bonus surprises. The classes are small (8 people).

The Finer Points of Pinpoint Placement

Instructor: Carol Gries

January 20, 2021 \$65

If you love to embroider but have difficulty with placing designs exactly where you want them, Pinpoint Placement is for you. With this great feature you can place lettering on any angle in perfect alignment with your fabric. You can resize a word or design to fit in a specific space. You can use beautiful quilt designs to enhance your quilting and your Bernina does it all for you. With practice you can even change a design after you have removed it from the hoop.

Requirement: You can use a 590 classroom machine or bring your own machine that has the Pinpoint Placement feature.

EMBROIDERY & SOFTWARE CLASSES

Elegant Elements for 2021

Instructor: Carol Gries

January 27, February 24, March 24, April 21, May 19, All Classes 12:30pm - 3:30pm

Create a stunning quilt using your machine's embroidery module! Everything is stitched in the hoop to create a masterpiece that will grace your home. Carol will guide you through the process - helping with everything from fabric and thread selection to all the little tricks and techniques that will lead to success. Artlink Software Class

Instructor: Carol Gries

February 3, 2021 12:30-3:30 \$35

ARTlink is a free Embroidery Software program that is made by Bernina but can be used for all the major machine brands. It allows you to do basic editing and most importantly print out templates. Here are some of its popular features.

Open embroidery designs and change them from one format to another.

Send designs directly from your computer to your embroidery machine

Basic editing such as rotate, resize, skew and others

Stitch Player which allows you to see how a design will stitch out

Print out design worksheets with color charts, thread usage lengths and color films

The Computer, Your Embroidery Partner

Instructor Carol Gries

Thursday February 11 12:30-4:00PM \$35

This lecture-demonstration class gives you the skills to work with embroidery files so that you will be able to use your embroidery module to its fullest. Using clear and specific handouts, you will be able to do the following:

1. Set up an organized filing system for your embroidery files. More importantly, you will be able to easily locate a design when you want to complete a project.
2. Manage a purchased CD so that you can easily find the individual files you need to complete the project shown on the package.
3. Obtain purchased and free designs from the internet.

The class is designed for both people who are familiar with a computer for those who only know how to turn it on. You only need to bring yourself and a laptop!

Machine Embroidery for Knit Hats

Instructor: Carol Gries

February 18 12:30-3:30 \$40

Putting a design on a knit hat really makes it unique. This class will show you the techniques and tips to make it an easy and fun project. In no time you will be able to create personalized gifts or clothing for yourself. Join Carol for a great afternoon.

She'll even provide the hats. Class including one knit hat: \$40

A knit Hat. (I'll provide the hat for the class sample and I'll have info for sourcing hats for future use

Embroidered Greeting Cards

Instructor: Carol Gries

Wednesday March 10 12:30-3:30 \$35 plus cost of supplies and software.

Do you want to send your friends unique greeting cards that show you are really thinking of them? Then join Carol for a fun class of using your embroidery module in an unusual way, embroidering on paper. In addition to completing a card, we'll talk about good and bad designs and practice techniques that will make your cards memorable.

Cork Wristlet In The Hoop

Instructor: Carol Gries

Thursday March 18 12:30-3:30 \$45

Embroidery modules can do more than embroider. Use yours to create this great cork bag entirely in the hoop. Putting in a zipper has never been so easy. We will also use applique techniques to add pizzazz to the bag. In addition, you will receive directions that will guide you in creating another wristlet with an embroidered motif. Learn new skills, have fun and walk away with a great gift for you or someone you want to surprise.

In the Hoop Easy Bags

Instructor: Carol Gries

Friday March 26 12:30-3:30 \$35

If you always wanted to try an In the Hoop Project, this is a great place to start. They're quick, they're easy and you get seven different sizes. Even the zipper is done in the hoop. In addition to the ITH process, you will learn how to add a Monogram to the bag and how to know what you're getting in an ITH pattern. Join us for a fun afternoon of making great and useful items.
