

Refresher Class:

This is a 15 minute class on how our Gammill machines load and operate for those who have taken long arm classes and rentals previously. This is free. Please register by phone or at the store. Maximum 6 in a class.

Long Arm Certification Class:

Class time is one hour and includes a two-hour practice time if used within four weeks of your certification class. (We don't want you to forget what you learnt). Certification class fee is \$75.00.

Your certification class includes a large quilt sandwich for everyone to practice stitching on. In class, you will learn how to thread the machine, how to load a bobbin, how to layer the backing, batting and quilt properly on the machine, quilting pantographs vs. free motion, how to start and stop the machine.

When you use your booking of the two-hour practice time, you will need to bring a small lap size quilt of your own to quilt with your own backing and batting. You will be sewing a large pantograph on your quilt due to time constraints. Please keep in mind you are practicing and not quilting a project that you have in mind for a gift. Maximum 6 in a class.

Rentals must have a certification with our refresher course or long arm certification class:

Rental Fees are paid for at time of booking and are as follows:

- Minimum 2 hours @ \$30.00/hour with the option of extending your session in one hour increments @ \$30.00/hour if available
- Half week day rental is 3.5 hours @ \$95.00 if available
 - Session #1: 10 am – 1:30 pm
 - Session #2: 1:30 pm - 5 pm
- Full week day rental is 7 hours @ \$190.00 if available
 - Session #3: 10 am – 5 pm
- Saturday rental is minimum 2 hours OR Session #1 depending on availability

- If desired: Valet service will be available when you rent the machine and will include the following: loading of the backing, batting and quilt top onto the machine, full bobbins loaded for you and the machine threaded with your choice of thread colour. The thread, quilt top, backing and batting must be dropped off a minimum of one day before your rental time. This is an optional service but it does cut down on the time to load your quilt during your rental session when you could be sewing. The cost of valet service is \$20.00.
