

CLUTCH BALL

Cut 24 A and 12 B

Sew two A's to each B and sew the A's together leaving an opening to turn and stuff. Make 12

Once the units are stuffed hand stitch them closed or you can sew them closed on the machine.

Hand stitch them together at the corners in groups of three and sew the four groups together into a ball.

Quarter inch seams are included.

We used flannel. For a pretty Christmas ornament, use velvet and decorate with sequins or beads.

Take drawing to a photocopy shop and ask them to shrink or enlarge, as you choose.
