

Boo Banner

Project Instructions

Finished Size: 80" x 4 ½" (203.20cm x 11.43cm)

No Sew!

Also great for Birthday, Nursery, Christmas, or any other celebration!

Supplies Needed

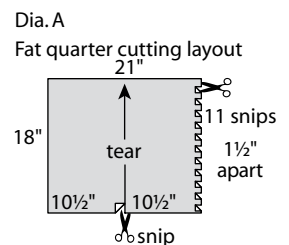

- 5 Fabric Palette® Halloween Fat Quarters (18" x 21")
- 90" Heavy jute cord
- Ruler
- Pencil
- Scissors
- Iron

Before you begin

Read all instructions before beginning project. Do not prewash fabrics. Press fabrics with a dry iron on cotton setting.

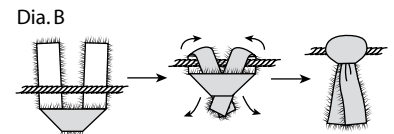

Preparation

1. Fold one fat quarter in half with short (18") edges meeting. Make a snip at the fold on one end (Dia. A). Tear the fat quarter into two 10 ½" x 18" pieces.
2. Measure and snip at 1 ½" intervals along the 18" side of each piece (Dia. A). Tear each piece into twelve 1 ½" x 10 ½" strips for a total of 24 strips. Put strips in a pile.
3. Repeat for the four remaining fat quarters, making a pile for each. You will have a total of 120 strips.

Assembly

4. Choose how you would like to lay out the fabric designs for your banner and put the piles in that order. Fold a strip from the first pile in half with the **wrong** side up and place the looped end **under** the jute cord about 5" from one end (Dia. B). Reach through the loop, grab both ends and pull them through the loop. Pull to tighten the loop, adjusting the strip so the ends are even and the right side of the fabric is showing (Dia. B). **Note:** This is also called a larks head knot. Continue tying a strip from each of the four remaining piles using the same amount of tightness on the knots.
5. Add the additional strips along the entire length of the jute cord, adjusting the pieces as you work so that there is about 5" left on the opposite end of the cord.
6. Hang on a wall, mantel, or staircase by tying the ends around nails, hooks, or handrails.

Finished care instructions

Shake vigorously outside to remove dust or strings as needed.
