9. Piece the flange by sewing the 3" strips from Fabric L together on the short ends. With wrong sides together, fold in half lengthwise and press. Fold one short end over ¼" twice and sew hem close to the fold. Sew a basting stitch ¼" from the raw edge and gather slightly (dia. i).
10. With right side of the pillow front (made in Steps 1-8) facing up, begin at the center bottom of the pillow with the hemmed end. Place raw edges of flange even with raw edges of pillow front. Gather flange slightly to fit around pillow, especially at corners. Trim remaining short end of flange 1½" beyond hemmed end. Fold over ¼" twice, and sew hem close to fold. Flange ends will overlap about 1". If you prefer a less ruffled flange, trim a little more according to your own preference. Pin well and baste layers together along gathering stitches (dia. j).
11. Place the 14 ½" x 18 ½" backing right sides together with the pillow front. Pin well. Sew around the outside edges, leaving a 3"- 4" opening (dia. k). Turn right side out. Stuff with fiberfill. Sew opening closed by hand (dia. l).
