Class Information:

All of the Quiltworx Double Wedding Ring patterns listed above are good advanced beginner patterns and use Judy Niemeyer/Quiltworx 2-1/2" strip sets. These strips sets have been put together by Judy Niemeyer. Each package contains 48-2 1/2" strips, pre-sorted by Quiltworx into 6 groups of 8 strips, arranged light to dark. *(You can cut your own strips if you desire but you will need to have them sorted into 6 groups of 8 strips from light to dark for class {we do not have time to sort them in class}).* The sewing techniques that will be demonstrated include strip piecing the arcs and curved piecing. Please read the pattern before class.

***Please note – I recommend choosing one of the smaller wedding ring patterns such as the Bali Wedding Star Table Topper, Bali Bed Runner or Gemstone to learn the technique. Double Wedding Ring quilts require a lot of sewing time to complete.*

You must have your 2-1/2" strip sets and pattern for the first class. Background and star point fabrics can be purchased after the first class.

I encourage you to check for pattern corrections on the Quiltworx website www.quiltworx.com/corrections/. Each pattern has a print date on the back page.

If you have any questions, please call or e-mail.

Thanks...See you in class!!!

If you have previously taken a Quiltworx class and are comfortable doing so, please cut out the papers. Remember, the Template Layout Sheet (TP) are cut out on the outside black line. The Foundation Papers (NP) are cut out a fat 1/8" outside the black line. You will need to cut out the A & B arcs for the first class. If you have not taken a Quiltworx class previously, I will teach you how to cut out papers in the first class.
