Class Information:

Star Baby is a good introductory class to paper piecing, Quiltworx' patterns, techniques and the Lonestar unit that is featured in many Quiltworx patterns. This is a 2-day class. You will not finish the quilt in class but will learn the skills needed to finish it at home. The pattern contains enough papers to make two Star Baby quilts.

I encourage you to use Quiltster to color your quilt. Quiltster is a color design subscription-based software (it is accessed via the internet) for coloring Quiltworx patterns. It is available from Quiltster.com for a nominal fee. If you decide not to subscribe to Quiltster, I can help you color your quilt using my copy of Quiltster. Please let me know if you would like me to help you with your colors. It will help if you have an idea of the colors that you would like to use in your quilt. Once you have colored your quilt, Quiltster will give you a yardage table to help with fabric purchases.

I encourage you to check for pattern corrections on the Quiltworx website www.quiltworx.com/corrections/. Each pattern has a print date on the back page.

If you have any questions, please call or e-mail.

Thanks...See you in class!!!
