▼ Shepard's Blue 2108a	414, 931
• Whitewash 1091	B5200, white

Sample was stitched using two strand Weeks over-dyed cotton floss. When more than one DMC substitution is listed for the thread, all the colors were present in the over-dyed skein.

Separate strands and use two at a time. Stitch over two threads of linen for each square of the chart. Complete each cross stitch before moving to the next.

Follow instructions on the chart to find your spot to begin stitching.

With two strands of the color listed make the following stitches.

Honeysuckle: whipped long stitch for Raccoon fingers.

Garrison Green: whipped long stitch for stem on each side of nose and vein in leaves on chest

Keep your button either on your floss ring or inside the pattern package to attach when all stitching has been completed.

Hanger is Ackfeld A-33282 12" Daisy & Bee split.
