As we approach 2024, we are asking our faithful customers to please be mindful of our \$15 minimum charge when using your debit/credit card. Our service charges for 2023 were over the top with so many shoppers not carrying cash with them. Several Shops have now started adding a 3% surcharge on all purchases with a debit/credit card used. I DO NOT want to start doing that.

Thank you for understanding our position on this.
