## Assembly

1. Begin block assembly by creating stitch and flip units. Place (1) C square with a drawn diagonal line onto both ends of (1) B rectangle, right sides together and edges aligned. Diagrams show accurate C square orientation.
2. Sew along the drawn diagonal lines.
3. Trim outermost excess fabric to <sup>1</sup>/<sub>4</sub>" and press to the corner.
4. Repeat to make (4) identical stitch and flip units measuring 2 <sup>3</sup>/<sub>4</sub>" x 7 <sup>1</sup>/<sub>4</sub>" unfinished.

5. Begin laying out (4) stitch and flip units and the remaining cut pieces as shown. For the interior of the block, be sure to alternate between D and E squares.
6. Sew together as shown. Arrows indicate pressing instructions.
7. Press to complete. Block should measure 11 <sup>3</sup>/<sub>4</sub>" x 11 <sup>3</sup>/<sub>4</sub>" at this step.

8. Sew (1) F rectangle to the top of the block. Press outward.
9. Sew (1) G rectangle to the right side of the block. Press outward to complete. Block should measure  $12\frac{1}{2}''$  x  $12\frac{1}{2}''$  unfinished.

*Be sure to share your block and progress online!*
