

HOTFLASH!

September 30, 2020

NEW CLASSES BEING STARTED IN NOVEMBER!

WOOL EMBROIDERY WORKSHOP

Sample of Stitches

Have you been wanting to learn more about wool embroidery? There are lots of beautiful projects out there! In November we are starting a new class series to introduce you to wool embroidery. You will learn about pattern transfer, basic and decorative stitches, and all about the materials/products involved in this fun hand stitching technique, all easy to complete, and for a minimal investment! Each month you will make a small project which later you can combine all together.

Instructor: Robin Heinen

Dates: Monthly, Second Saturday of each month, starting November

Time: 10 am to Noon

Class Fee: \$15 per month, includes pattern

Required Booklet: Hand Embroidery (Stitches-at-a-glance)

Class Supply List available at Sign Up

Materials available at the Shop

Call the Shop today to sign up!

## WOOL EMBROIDERY - BUTTONS & BEADS

Here is another opportunity to expand your wool embroidery skills! This class will introduce you to numerous embellishment techniques plus tons of decorative stitches! Each month you will receive all of the buttons & beads/sequins to complete 5 decorative circles. You will learn the stitches for the month, select your beads/sequins for each circle and start applying them to your background. Be aware that there will be students with different experience levels. Chances are we will not finish any one circle while in class so there will be homework every month. Robin's goal is to teach you all the steps to create these BLING-TASTIC beauties!

Instructor: Robin Heinen

Dates: Monthly, Second Saturday of each month, starting November

Time: 1 to 4 pm

Class Fee: \$90, for 6 month program

Required Booklet: Hand Embroidery (Stitches-at-a-glance)

Class Supply List available at Sign Up

Materials available at the Shop

TUCKER UNIVERSITY

LEMOYNE STAR ADVANCED I

Saturday October 3 or Wednesday October 7, 12:30 to 3

Because there was so much to cover in the September class, we will return to the Rapid Fire Lemoyne Star, Advanced I, technique material in October. We covered the basics for this ruler in the January class, now we are looking at some advanced techniques using this ruler and different construction techniques. Three advanced blocks use strip piecing techniques: Strip Pieced Lemoyne Star, Banded Lemoyne Star, and Liberty Lemoyne Star. Both classes got through the Strip Pieced technique in September, so in October we will focus on the Banded Lemoyne Star and Liberty Lemoyne Star.

Please bring all your Design Sheets and Technique Sheets (3) for the Advanced I techniques plus your prepared materials. Again, we will review the Strip Pieced Lemoyne Star and then go through the details on Banded Lemoyne Star and Liberty Lemoyne Star.
